ABOUT ME

I am a Systems Analysis and Development student at Anhanguera Educacional, with an interest in technology and software development. I am looking for an internship opportunity to apply my knowledge in ReactJS, TypeScript, Node.js and other technologies. I have experience in personal and academic projects, always seeking continuous learning. I am proactive, communicative and enjoy challenges.

EXPERIENCE

- Freelance Developer - Home Office
- Store attendant - Renner Stores
- Mechanical assistant - Chestnut textile company
- Administrative Assistant - Chestnut Textile Company

TRAINIG
